

MARION VETERAN WINS LONG, HARD STRUGGLE

J. E. MIDDLETON SAYS HE
SUFFERED FORTY-FIVE
YEARS

HIS CASE REMARKABLE

Troubles Relieved by Tanlac in
Wonderful Way After He
Had Failed Many Times

Perhaps because of the hardships he was forced to endure when the South was being devastated by the events of the War Between the States, J. E. Middleton, of Marion, S. C., a retired merchant and a Confederate veteran, began forty-five years ago to suffer intensely with stomach trouble. Try as he would, he found himself unable to relieve this condition, which he finally came to look upon as a Nomesis. Hundreds of dollars he spent in direct attempts to combat this trouble, and hundreds, perhaps thousands of dollars he indirectly lost because of impaired health and decreased efficiency.

But, after his trouble had forced him to retire from business, perhaps years earlier than he would have retired, had he been normally healthy, he found in Tanlac, the master medicine, just what he needed to relieve his ailments; though they had steadily strengthened their hold upon him during his forty-five years of suffering, he said.

Mr. Middleton is a well known and highly respected citizen of Marion. After he had taken six bottles of Tanlac, and after his sufferings had been relieved by Tanlac, the peace he was enjoying impelled him to tell the world what great changes Tanlac had brought about in his health.

Tanlac has done something for Mr. Middleton which doctors of other medicines failed to do and he emphatically says so. "I can not say too much for your medicine Tanlac," said the veteran. "That statement should settle many doubts. He is in position to know, and he like all other substantial citizens does not recommend a medicine unless he is sure of its value. His statement follows:

"I suffered from stomach troubles for forty-five years, and I have spent hundreds of dollars for medicine, but none brought me relief. Finally, after years of suffering with ill health that probably was directly brought on by indigestion, I tried Tanlac, and it worked wonders for me. Before I began Tanlac, however, my ill health had forced my early retirement from active business as a merchant.

"My trouble was so bad when I began Tanlac that I was unable to retain anything on my stomach. I had no appetite, and could not eat. My sleep was broken and unrefreshing. My system was generally run down. I would have fantastic dreams at night, but, thanks to Tanlac, I now sleep soundly and I never know what it is to have a dream.

"You can imagine how dreary the prospect was for me, and I was well along in years. It was a happy day for me when I saw the advertisement of Tanlac. I bought a bottle and I obtained relief from the very first dose. I have taken six bottles. I believe it is the medicine for me.

"I can heartily endorse Tanlac, and recommend it to anyone who suffers as I did. I know what it will do, and I think everyone who suffers with stomach trouble should know about this wonderful medicine."

Tanlac, the master medicine, is sold exclusively by Evans' Pharmacy, two stores, Anderson; Horton's Pharmacy, Belton; West Pelzer Drug Co., Pelzer; Pendleton Drug Co., Pendleton; Holt Drug Co., Huger Path; D. L. Donald, Williamston; Suber Drug Co., Piedmont. Price: \$1 per bottle straight.

THE WAY TO BETTER LIGHT

Chafing Dishes

With An Alcohol Lamp you must fill the lamp, adjust the wick, strike a match, and be very careful not to spill alcohol on the table top.

With Electricity you insert the plug and turn the switch. When this is done you can devote all your attention to the recipe.

At a very small expense we can convert your old alcohol chafing dish into an electric. Phone us about this.

ANDERSON, S. C., SUNDAY, APRIL 30, 1916.

NUMBER 15.

MARCONI GRAMS

Little Utility Electric Table Stoves are a wonder in the matter of making iced tea. You can heat up one or two quarts of water almost instantly—doing away altogether with the necessity of firing up the stove or range.

Mothers, have you cautioned your boys about watching on to street cars when out riding their bicycles? It is a dangerous practice, and a word from you might save the boy a leg or an arm, maybe his life. Tell them to stop it.

In lighting, the real point is to get the most, the best, the easiest, the surest. This fact was never more clearly demonstrated than in the arrangement Anderson merchants have for lighting up their show windows, which are admired by hundreds each evening. The

lights by special arrangement are turned on and off with the White Way lights without any attention by the various firms using the service and is proving a great success.

If you do it yourself it will be right

Standing over a hot fire is uncomfortable and unhealthy

Electric Broiling is entirely different

There is no heat except where it is needed

The Electric Broiler enables you to do it yourself
